

# COM/COL Form

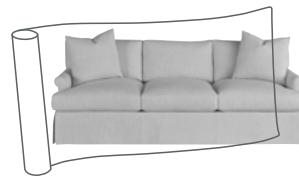

Beautiful COM and COL results are all about communication. Chaddock will not put your order into production or reserve frames until the fabric or leather is received. To ensure proper identification of your fabric/leather and eliminate costly errors, copy this form and attach it to your order. Customer assumes all responsibility for COM/COL results, please be mindful.

- Chaddock assumes the face side of the fabric is rolled inward. Clearly tag the face side of the roll being sent. Please side mark the COM package with your company name, your purchase order number and customer name.
- If combination fabrics are used, please specify where each fabric should be applied. Be specific concerning contrasting pillow fabric, fringe and cord applications, etc. Drawings on tear sheets or CAD are preferable for all complicated applications.
- Chaddock cannot be responsible for imperfections with COM/COL. If the form is not accompanying the order, your order may be subject to delay.
- Any COM coming from or going to California, must have a California 117-2013 Statement included.
- If after 90 days the COM/COL has not been received at our workroom, your sales order could be cancelled.
